

GCI

GCI VFD House

The Better Alternative for Variable Frequency Drive Control

GCI has been supplying SCR houses to the drilling industry for over 20 years. Today we also offer a complete range of Variable Frequency Drive (VFD) systems featuring Siemens premier drive products

In line with our philosophy of being a total partner to our customers GCI offers a complete portfolio of VFD solutions from Top Drive Houses to complete VFD AC Drill rig solutions

GCI and Siemens are aware that success can only be achieved through fully satisfied customers. That is why we focus on solutions that can give our customers a com-

petitive advantage in an ever changing market. The GCI and Siemens solutions provides improved drilling performance, faster rig-up/rig down, excellent reliability and a platform that is easily integrated into today's and future requirements for data acquisition and remote monitoring.

If you are looking for an AC Top Drive House or a complete VFD solution GCI is simply the Better Alternative. We bring together world class technology with local assembly, service and support.

SIEMENS

The Better Alternative for Variable Frequency Drive Control

- Top Drive Houses and Complete VFD Houses
- Small Foot Print
- Robust Design
- Custom Built to Customer Specifications
- Generator Control
- Motor Control Center
- Drilling Control
- Redundant Heating/Airconditioning

Turn Key Delivery

- Complete Turn Key Delivery including VFD House, Motors, Cables, Transformers, Switchgear etc.
- Project Engineering
- Overriding Control System
- Drilling Enhancement Features
- Remote Monitoring

"GCI brings together world-class technology with local assembly, service and support."

GCI (Gulf Coast International) was formed in 2003, through the merger of Gulf Coast Electric and Gulf Coast Brake and Motor. Both companies have successfully served the drilling industry since 1987.

The company is specializing in the supply, upgrade, refurbishment and repair of drives, brakes and control systems for the drilling industry.

GCI can offer a unique combination of drill rig know-how and service and support capability with unmatched product offerings featuring Siemens premier drives products.

If you are looking for a new system, upgrade, rebuild or repair, GCI is simply the better alternative.
